INTEGRATED VOLUNTEER BACKGROUND CHECKS

A simple flip of the switch on our end, and your organization is ready to go! Online integration with registration means coaches and volunteers can register and take their background check too—it's an all-in-one process. Designated administrators can see an updated status for each person's check on the online roster and provide KidSafePlus Badges to qualified volunteers—PlayAYF will even ship you your first KidSafePlus Badge kit for free!

QUALITY CHECKS

Since all background checks are not equal, we make sure ours are outstanding. All results are re-verified by trained, non-robot researchers. We offer both single name and alias search options to fit your needs. Using the National Criminal File Search database, our searches run through over 200 million records—from watch lists to sexual and violent offender registries.

FCRA COMPLIANT

As a trusted member of the National Association of Professional Background Screeners and with FCRA compliance, our background check system is under strict legal oversight and respects everyone's privacy. Our case management wizard can guide you through any open case—easily communicate with registrants, document actions, and disqualify a registrant due to their check.

AFFORDABLE SEARCHES

At \$12 or \$14 per check, help give parents peace of mind when they leave their child with your coaches. Our checks protect your players without taking a big piece of your wallet—and is a small price to pay to prevent any catastrophe at your facilities.
